Note: See Note, table 5.49. Additional penalties are penalties imposed in addition to the primary penalty of jail, prison, or probation. Examples of penalties in the category "other" are community control, house arrest, work release, drug testing, and loss of driver's license.

Where the data indicated affirmatively that a particular additional penalty was imposed, the case was coded accordingly. Where the data did not indicate affirmatively or negatively, the case was treated as not having an additional penalty. These procedures provide a conservative estimate of the prevalence of additional penalties. Persons receiving more than one type of additional penalty appear under more than one penalty heading. Data on additional penalty were available for all 872,217 estimated total cases. For survey sampling procedures and definitions of terms, see Appendix 14.
