Note: See Note, figure 6.1. Most, but not all, States reserve prison for offenders sentenced to 1 year or more. For information on methodology, definitions of terms, and jurisdictional explanatory notes, see Appendix 4.

<sup>a</sup>Figures include both jail and prison inmates; jails and prisons are combined in one system.  
<sup>b</sup>Figures include all inmates in Massachusetts custody, regardless of jurisdiction, as well as Massachusetts inmates housed in other States.  
<sup>c</sup>Some or all data for the admission categories are estimated.  
<sup>d</sup>Parole violators with no new sentences may include inmates from other admission categories.  
<sup>e</sup>Other conditional release violators with no new sentences include inmates from other admission categories.  
<sup>f</sup>Data by sentence length may be slightly incorrect. See the jurisdictional explanatory notes in Appendix 4.

<sup>g</sup>Parole violators with new sentences may include inmates from other admission categories.  
<sup>h</sup>Other conditional release violators with new sentences include inmates from other admission categories.  
<sup>i</sup>Data are custody rather than jurisdiction counts.  
<sup>j</sup>Idaho did not report the sex of parole violators with new sentences; therefore, females are included among the males.
